

A bereavement support group for children ages 7-12

Do you have a child who is grieving the death loss of a significant person in their life?

Bereavement, especially for children, can be a very isolating and confusing experience. As a special member of the **camp comfort sharing circle**, children have the opportunity to connect with others their age who are experiencing a similar grief journey. **camp comfort sharing circle** provides a safe and supportive space for children to express their emotions, and learn general skills to help them navigate through their unique experience.

camp comfort sharing circle is free for all children.

Snacks & light refreshments will be available during each group time.

Each session will be 7 consecutive weeks.
